

The Topic Talk Notebook: Embedded Cognition

Eshwaran & Jerremy

October 13, 2009

1 October 12 - Talk With Risto

1.1 Embodied Cognition- Risto References

1. Review Karl Simms Works for Movies (*Is Karl Simms Work related to Embedded Cognition?*)
2. Symbol Grounding: *What is this about?*
- 3.

1.2 Talk - Outline: According to Risto

1. Review Goals, Problems people are addressing.
2. Review multiple points of view. (*Is one of them the Rolf Pfeifer view?*)
3. List names (*This implies we need to have a consistent referencing scheme.*)
4. Take two case studies. (*Discuss with Jerremy and have a few ready. Finally shortlist two.*)
5. Talk about innovative new directions, you want to take this work.
6. Also talk about interesting questions this work poses.
7. *Is Biology a good motivation?* Do a light overview of this field!

1.3 Jerremy & Eshwaran Discussion

1. Do we add stuff from the world of Philosophy?
2. Find out what the prof from North Western was working on.
